REFERENCE

For “Horizont-Ivanov” Ltd.

The present recommendation issued as a reference for “Horizont-Ivanov” Ltd. which implemented the site: “1175-K/ Flight management tower, communication and informational center, premises for logistics and air show platform”.

The site was implemented with the following parameters:

- Location – Dolna Mitropolia
- Period of execution: January 2009 – September 2009
- Value of the works – 5 800 000 EUR
- Air show platform total built-up area – 2 818 sq. m.
- Four level flight management tower – total built-up area – 678 sq.m.

The construction and installation works assigned were completed in the agreed period, with high quality and with flawless professional execution process. All the regulatory requirements, project prescriptions and execution instructions were observed.

Highly qualified management was reliable for the whole construction process. The materials input were high quality and up-to-date. Also modern technical facilities were used.

“Horizont-Ivanov” Ltd. disposes of high-quality management and executive staff, as well as up-to-date technical facilities. During the work process the Contractor was in complete contact with us, which helped fast solving of the current issues at the site.

“Horizont-Ivanov” Ltd. is a company with proved opportunities for construction and installation works of a wide range and with different burden of implementation.

We recommend it as a correct contractor, reliable partner and a professional.

Commander of “Georgi Benkovski” Military base – Colonel Vasil Lazarov
