# REFERENCE
## By
## "MARKAN" Ltd. Samokov

The present reference issued to "Horizont-Ivanov" Ltd., Pleven in regards to the implementation of a contract for manufacturing, delivery and mounting of metal structures at site: "Production establishment – Automobile plant in the Korudere area on the land of Bahovitsa village, Lovech district – sub-site "Logistic warehouse"

"Horizont-Ivanov" Ltd. implemented the subject of the contract professionally with the required quality. All the work project designs, technical regulations and requirements of the Bulgarian legislation were observed during the construction works.

The building consists of a three-nave hall (dimensions – 78 m x 156 m; height of 9 m), with a bearing metal structure, design solved with composite sections of the ledgers, columns and longitudinal beams. The steel structure for the façade guides is implemented of plate profiles. The façade plating is made of three-layer insulation panels. The roof is a package of high-profiled sheets, heat insulation of rock wool and hydro insulation of PVC membrane.

For the period from July, 2010 to June, 2011, the company manufactured and mounted at the site a metal construction (580 tons), delivered and mounted roof metal sheets (11 800 m2), implemented the installation of the façade panels (3600 m2) and flashings with PVC coating.

The reference is issued in order to certify that "Horizont-Ivanov" Ltd. is a reliable partner; to serve in case of participation in upcoming similar construction tenders.
